## **Subject Matter Expert Analyst - Closing Date 28th October 2011**

This is an excellent opportunity to join our thriving business solutions Company, working largely assisting the defence market, in the field of Decision Support. Established for nearly 15 years, SVGC has achieved continued success through a professional approach and strong reputation to adapt and flex, in order to consistently deliver in a constantly changing defence environment. Working in pleasant surroundings that offer a varied and sometimes challenging environment where your skills will be appreciated, we in return are seeking two MOD-experienced individuals with analytical skills who are adaptable, positive, clear thinking and self-motivating. Remuneration will be between £30K to £50K depending on depth and breadth of experience.

Working under the direction of the Operations Director you will:

- Have an aptitude for mathematical/engineering problem solving and analysing complex systems
- Have knowledge of MOD procurement procedures and processes
- Have had recent MOD experience within the Land and/or Maritime environments
- Be confident and comfortable liaising at all levels, both internally and customer facing
- Have a good working knowledge of Microsoft Office applications
- Be adaptable, flexible with a “can-do” approach, able to grasp and get to grips quickly with a wide range of tasks and responsibilities
- Be able to work within a team of skilled engineers, analysts and military experts
- Be able to produce reports and presentations to standards expected by the more senior appointments within industry and the military

Duties will include but are not limited to:

- Researching, compiling and then analysing complex data using MS Office applications and bespoke software tools
- Compiling reports and presenting findings
- Taking the Chair for internal and external meetings
- Managing aspects of MOD Through-Life Capability
- Undertaking Project Management duties

To apply for this position, candidates must be eligible to live and work in the UK and if successful, either hold SC clearance as a minimum or be prepared to undergo the UK security clearance vetting procedure.

SVGC is an equal opportunities employer and positively encourages applications from suitably qualified and eligible candidates.
